Collection from school procedures

Persons collecting children:

- All children must be collected by a responsible person aged 16 or over. If a person comes to collect who is under 16 years old, the child will not be released.
- All people who collect children from school must be named on the contact list. This is accessible via the My Child at School app and the school office must be notified.

Tea Time Club Collection Procedures

All children who have never been to Teatime Club before, regardless of year group, needs to have a password for collection even if it is their parents who are collecting. This password must be given to the school office who will pass it on to the Teatime Club Coordinator.

The Tea Time Club coordinator then needs to ensure that the register is clearly marked with an Asterix (*) next to the child's name. The password needs to be written for all staff to be aware of.

For any person collecting a child not on the contact list parents must be contacted, a password informed and only released with this parental permission and password is shared. SLT must be informed prior to release.

Answering the door

Only an experienced member of Tea Time Club staff is able to answer the door.

Process

Answer intercom

Say 'who are you here to collect?'

If it someone you **know and recognise** is able to collect and is on the collection list, you are able to call for the child to be released. *If the person is not someone who normally collects, you must also have been told that they have permission to collect by the parent or the school office.*

If it is someone you **don't know or recognise** you must ask for the collection password at the door

If they **DO** know the password, and you have been made aware that they are able to collect, you can release the child. Providing that the child knows the adult.

If they **DO NOT** know the password, you **cannot** release the child even if the child seems to know the adult. SLT must be sought.

Contact the member of SLT on duty to call the child's parent to check that they are able to collect and to get a password. The parent then needs to contact the adult who is trying to collect to tell them the password. When the collector tells you the password. The child can go with them.
