Sticky Knowledge

Important events in the school's history could include the opening of the school, the arrival of new teachers, special visitors and significant changes to buildings.

The Victorian era was the time from 1837 to 1901 when Queen Victoria was the monarch of the United Kingdom.

Victoria became queen during the start of the Industrial Revolution. New machines were invented and factories were built.

Rich Victorian people lived in large houses and were looked after by servants. They went to boarding school or were taught at home.

Poor Victorian people lived in small houses and worked in factories, coal mines and mills. Many went to work instead of going to school.

In Victorian schools, boys and girls were separated. Children sat in rows and copied letters and numbers from a blackboard onto slate boards.

Teachers in Victorian times were strict and used the dunce's cap and the cane to punish children.

Samuel Wilderspin was a teacher who is known as the founder of infant education. He invented the school playground so children could play outside.
