

SEN swimming sessions

Message from Corby International swimming Pool

Corby International Swimming Pool are extremely happy to announce that the SEN leisure swimming sessions are being re-launched with monthly sessions running for individuals with disabilities or additional needs.

The Saturday session will be held outside of our normal opening hours to the public, taking place in the 20m pool. (First one this Saturday 17th February 5:30-6:45pm)

Pre-booking your space in advance is always recommended as our pools operate on a maximum bather load and we staff accordingly.

To enable us to monitor the sessions performance and attendance going forward, individual's registered disabled or with SEN must have their own account with us, this can also be done via Corby Pool reception.

If you have any further questions please don't hesitate to get in touch
